

TRUE

CYBER | SECURITY | MANAGEMENT

TRUE provides proven, low-risk, enterprise-wide cyber solutions to the federal government in both confidential and classified environments. Founded in 2007, TRUE is a federally registered and certified veteran-owned, minority-owned Small Business Administration (SBA) approved 8(a) disadvantaged business. Our highly skilled and experienced workforce has comprehensive expertise supporting customers in meeting the requirements of dynamic IT landscapes by addressing today's challenges and providing the capability to secure, build, modernize, and sustain complex IT systems.

At TRUE, we are committed to providing world-class service. Whether Civil, Defense, or National Security, our portfolio of services enable your mission by protecting your organization's most valuable assets:

YOUR PEOPLE | YOUR PROCESSES | YOUR TECHNOLOGY | YOUR LOCATIONS

CYBEROPERATIONS

ENTERPRISE MANAGEMENT AND PLANNING

- Program and Project Management
- Gap Assessment and Process Monitoring
- Continuity of Operations
- Enterprise Architecture
- Governance Advisement
- IT and Network Operations Support

Bridging the gap between business operations and current technology, CyberOperations strives toward efficient and streamlined operations. Our IT operational support teams monitor critical areas such as budgetary decision-making, personnel, and life-cycle management. Our goal is to help establish and preserve our client's business model by providing continuity planning, essential personnel, business processes and system assessments.

CYBERASSURANCE

COMPLIANCE, ENGINEERING AND LIFE-CYCLE SOLUTIONS

- Strategy & Governance
- Security Architecture Development & Engineering
- Risk Management Framework
- Defensive Cyber Operations
- Cyber Incident Response & Recovery

Securing your cyber assets, our CyberAssurance workforce and proven approach provides full life-cycle solutions that enable your mission, defend operations, increase compliance and cost effectively reduce risk.

CYBERFORCE PROTECTION

ASSET PROTECTION AND MANAGEMENT

- Personnel Security and Management
- Facility Security Office Support
- Industrial Security Management
- Physical and Electronic Security
- Operations Security and Policy Management
- Information Security

Protecting your organization with practical and fortified solutions, CyberForce Protection provides security services for facilities, information, operations, and personnel to help defend and manage your human and physical assets.

CYBERACADEMY

LEARN, DEVELOP, APPLY AND GROW

- US Federal Focused Cyber Learning
- Career Development
- Bridge Key Knowledge Gaps
- Certification Preparation
- LifeServices

Developing the workforce, CyberAcademy is a cyber focused accelerated learning solution for the US federal marketplace that targets core knowledge gaps outlined by the National Initiative for Cyber Security Education (NICE). This learning solution is specifically tailored to prepare and shape the graduates to enter the cyber workforce.

CONTRACTS & CUSTOMERS

TRUE holds a number of critical contract vehicles and teaming relationships to facilitate efficient and cost-effective procurement. Our Government Services Administration (GSA) schedules; indefinite-delivery, indefinite-quantity (IDIQ) contracts provide government customers with multiple options to meet their unique requirements.
